

## July 25, 2022 Park Advisory Board Minutes

Chadd Posch called the meeting to order at 6:30 p.m.

The following board members were present: Samantha Warkins, Craig Mellen and Connie Fleming

### **Business:**

- **Little Library**

A Clearwater resident asked to put a little library in the city park. This is a small structure that holds donated books that are free for anyone to take and also leave books to be read. It was the consensus of the board that the city park is not a good location for this. This could be done by a resident on their own property or perhaps in a development with the approval of their HOA.

- **Basketball Court Overlay**

Chadd reported that the basketball court overlay should be completed this week. There was an issue with the vinyl for the decal but that has been resolved.

- **Playground Fall Protection**

The city council has approved the application of fall protection on the playground at the city park. Chadd will get a current bid for the city.

- Chadd reported that the Christopher Mikesell treehouse in the park will be removed for safety issues due to deterioration.
- Discussed lights in the city park and at Chisholm Trail Sports Complex.

Meeting adjourned at 7:15 p.m.

The next Park Advisory Meeting will be Thursday, August 18th at 6:30 p.m.
